## **Do Your Students Struggle with Engagement and Achieving their Full Academic Potential?**

1:1 Tutoring is proven to enhance academic success amongst students not performing their best in educational pursuits. Regardless of the level of support your students need, our dedicated virtual tutors are available 24/7 to offer homework help and online tutoring.

**Students who receive 1-on-1 tutoring perform 98% better than students who only receive traditional classroom attention**

Educational psychologist Benjamin Bloom conducted a study determining that students who received 1-on-1 tutoring, paired with mastery learning, performed two standard deviations better (98%) than students who received only traditional classroom attention ←

**Students who were individually mentored in math outperformed classroom-taught peers by 200% on standardized state tests** ←

A study by Harvard University finds that students who were individually mentored in math outperformed their classroom-taught peers by 200 percent on standardized state math assessments

**1:1 tutoring can improve performance while reducing test anxiety** ←

A study out of Stanford University's School of Medicine finds that individualized tutoring can improve math performance while reducing test anxiety

## **Students receiving tutoring can advance up two grade levels of math compared to peers not receiving tutor support**

A University of Chicago study finds that students who receive tutoring could advance two additional grade levels of math compared to peers who didn't receive tutoring

## **Students who were individually tutored in English outperformed classroom-taught peers by 200% on standardized state tests**

According to The U.S. Department of Education, tutoring can lead to improvements in self-confidence in reading, motivation for reading, and behavior according to a 2001 study.

## **Tutoring can help students build effective study habits and increase reasoning skills**

# About TraintheBrain

At Train The Brain, we strive to impact the lives of students by providing exceptional tutoring experiences. Our goal for students is to develop a deep understanding of subject material, and build competencies for academic success.

## Our Mission

The mission of Train The Brain is to provide students with high quality, on-demand online tutoring, homework help, and SAT/ACT prep. In doing so, we will work with highly qualified tutors who understand how to connect with students and ensure mastery of subject matter. By using our proprietary online tutoring platform, tutors are able to provide students with personalized attention any time day or night.

## Our Vision

At Train The Brain, we dream big! Our goal is to be the #1 source of academic support for students, not only in the United States, but also around the world. We believe that online tutoring is the way of the future, and the products and services we provide to students is second to none. We will never lose sight of the fact that our primary goal is to make students successful and confident in their studies.

## Accreditation

Train the Brain is one of a few online tutoring schools that has earned prestigious accreditation by Cognia, the parent organization of the North Central Association CASI, the Southern Association of Colleges and Schools CASI, and the Northwest Accrediting Commission. Accreditation demonstrates to students, parents, and community that we are focused on raising student achievement, providing a safe and enriching learning environment, and maintaining an efficient and effective operation staffed by highly qualified educators.

# Our Subject-Matter experts can help

- K-12 Students
- College/University Students
- Graduate Students
- Students Preparing for Standardized Testing

# Why Choose TraintheBrain?

- Affordable, high-quality tutoring delivered quickly
- Get help whenever and wherever - without downloading software
- Get 1-on-1 tutoring from dedicated tutors at your pace
- We provide a top-quality, convenient, and affordable alternative to other tutoring methods
- Upload assignments/projects and get help from a qualified tutor before the deadline
- Record your sessions for future reference, No Charge!

## How it works:

Upon registration, students schedule one-on-one live tutoring sessions with expert tutors. Students will receive specialized attention from their tutor as he or she works with the student. Our mission is to help every student achieve academic success.

# How it works:

At Train The Brain, we equip our online tutors with the latest technology, making it easy for tutors to work with students anywhere in the world. Our organization equips every tutor with the tools that they need to teach students challenging concepts and theories. Some of these tools include:

- A Dedicated Chat Window
- Screen Sharing Capabilities
- Virtual Whiteboards
- Voice Enabled
